Public Forum

See Clerk's report

Representatives from The Substantia Group addressed the Council regarding the emerging proposals for a health, eco-leisure and accommodation destination at Foxbridge, the former Golf Course in Ifold, and the [public consultation](#) which runs between 18th May – 1st June. Earlier in the day, The Substantia Group hosted an exhibition at Kelsey Hall, Ifold for residents. The representative stated that the final proposals would reflect public comment. Some of the proposed accommodation units are intended for private sale. A Transport Consultant has been instructed.

The Parish Council advised that its Planning Committee shall consider any future planning application submitted in its ordinary course of business and the Council would not express a view/position at this meeting.

In response to questions from Members, the following was stated:

- The recent Automatic Traffic Counters (ATC) along Foxbridge Lane relate to the emerging proposals for the site. It has been noted that a road closure / diversion was in operation for part of the traffic survey, which will have distorted the data. Unrepresentative data will be discounted. Historic data will be considered. The Substantia Group are in consultation with WSCC Highways.
- The Substantia Group intend to submit an Outline Planning Application*. They have received pre-application advice from the Local Planning Authority (CDC). The Substantia Group believe the proposals can address the [water neutrality issues](#).
- The Substantia Group intend to take into consideration the Scout hut and current 'rhythm of traffic movement' along Foxbridge Lane to minimise impact.
- The proposals are for 120 units on the 60-acre site, ranging from 1 bed to 4 bed family accommodation. This would equate to 2/3rd size of Plaistow village. The site aims to be 'self-sufficient', with onsite farm shop and kitchen garden.

**Outline Planning is a decision on the general principles of development on the site - to gain an understanding as to whether the nature of the proposed development is acceptable / viable. Permission is granted subject to conditions requiring later approval of specific details, known as 'reserved matters', which must be approved before development begins. 'Reserved matters' can include appearance, access and scale.*

[District Cllr. Sutton](#) addressed the meeting. Councillors noted how unusual it was to have a District Councillor from another Ward (Fittleworth) attend, especially a Cabinet Member. District Cllr. Sutton sits on the Economic Development Panel. He wished to hear The Substantia Group's presentation and note the Parish Council's questions.

Cllr. Sutton updated Members on the cross-party collaborative efforts of CDC and local charities, such as [Stone Pillow](#), to reduce the number of rough sleepers (predominately in Chichester). There were 36 at the beginning of the pandemic and are now 2 in the district.

Cllr. Capsey queried the selling off of social housing stock. Plaistow has the only limited supply of social housing within the Parish and recently a unit was privately sold.

Cllr. Sutton stated that CDC in conjunction with its principal development partners - Hyde Martlet and Affinity – have undertaken a district wide housing review with the aim to raise standards of the permanent social housing with a 10-point strategy until 2050. Aging stock with poor EPC ratings, which would be costly to improve, are being sold under an agreement as part of the contract renewal process with Hyde Martlet. The sale money is to be ringfenced and used to build new social housing. This stock will be owned and delivered by Hyde Martlet. Cllr. Sutton accepted that social housing in Plaistow is diminishing and is unlikely to be replaced in the foreseeable future.

C/22/063

Apologies for absence & housekeeping

Apologies were received and accepted from Cllr. Phil Colmer (Chair of the Finance Committee).

West Sussex County [Councillor Janet Duncton](#) gave her apologies.

C/22/064

Disclosure of Interests

See Clerk's report

No Declarations of Interest were received. Members' Declarations of Interest forms can be found on the Parish Council's [website](#).

C/22/065

Minutes

It was **RESOLVED** to **APPROVE** the minutes of the full Parish Council Meeting held on 11th April 2022, which will be **SIGNED** by the Chair of the meeting, via Secured Signing in accordance with Standing Order 9(d), as a true record and published on the Parish Council's [website](#).

C/22/066

To receive reports from [County and District Councillors](#)

District Cllr. Evans' report is appended to these [minutes at A](#) and County and District Councillor Janet Duncton's report is [appended at B](#). Both reports were published on the Parish Council's [website](#) in advance of the meeting.

District Cllr. Evans updated the meeting with the news that WSCC's Planning Committee had unanimously refused the Loxwood Claypit application. An appeal is anticipated.

The applicant for the proposed Townfield development in Kirdford has indicated that a solution to the water neutrality matter has been identified, however a meeting with the Local Planning Authority was postponed. Cllr. Evans will investigate the suggestion that initiatives at Fishers Farm in Wisborough Green will be used to off-set water consumption on the site.

C/22/067

May District Councillor Address

Local Updates

Land West of Guildford Road (including Retail Unit)

I asked for a statement to be read out by Adrian Moss on my behalf at this planning committee meeting which was approved by all members of the planning committee.

Loxwood Claypit application

It seems increasingly likely that this will go ahead on 18th May as planned. I will be attending this planning committee to speak in opposition to this application. I will be taking the opportunity to reflect the views of the many residents who have objected and who have spoken personally to me regarding their views on this application.

Land South of Townfield

A meeting between the applicant and officers of the planning department took place on 5th May to discuss the proposed solution for the Water Neutrality issue. At the time of writing, I had not received an update despite asking for this as soon as the meeting concluded. I also ask that I could attend the meeting and received no reply from the officer.

Lagoon 3

The next scheduled meeting is due to take place on Thursday 7th July at 2pm

Foxbridge Golf Course

Residents will have received the flyer through their door regarding a proposed health, eco leisure and accommodation destination at the old Foxbridge Golf Course. The Substantia group who have put forward this proposal will hold a public consultation from 18th May - 1st June 2022

They will also be hosting an in-person event at Kelsey Hall, Chalk Road, Ifold, RH14 0UD on 18th May 2022 between 2pm. Residents will be able to view plans, speak with members of the team and offer your feedback.

I would like residents to know that I am aware of this application and will be attending this consultation in order to fully understand this application. Over the coming weeks I will be listening to the views of residents and the parish council in order that I can act as your voice to represent your opinions at the point that this planning application goes into Chichester District Council's planning department.

Should you have any questions or concerns about this proposal please email me gbevans@chichester.gov.uk or call 07958918056

District Wide Updates

Ukrainian Refugees

You may have seen in the news that Chichester was named the most generous place in the country for housing Ukrainian refugees. The Times newspaper identified the story after reviewing the figures released by the Home Office, which listed Chichester as having the highest rate of Ukraine visas when its population is taken into account. CDC recognises how generous our communities are, and how they always step forward when help is needed. West Sussex County Council is co-ordinating the response across the county, and CDC are supporting them with this.

Energy Bill rebate

Over the past few weeks CDC's Revenues, Benefits and Finance teams have been working incredibly hard to issue the Government's £150 rebate to those who are eligible. Thousands of payments have already been made and this work is continuing. The payment is intended to help with energy costs, which as you will know are rising considerably. CDC had lots of questions about the rebate scheme and so have created a short video taking people through the scheme and listing the eligible groups at: www.chichester.gov.uk/energybillsrebate2022

Email Newsletter

CDC would like to encourage local residents to sign up to their email newsletter 'initiatives+'. These are issued every month and provide the very latest updates. It's really easy to sign up at www.chichester.gov.uk/newsalerts

Enabling Grants

CDC will be launching this year's Enabling Grants scheme later this month. Businesses will be able to apply online between 9 and 30 May and guidance notes on the scheme will be available on the Business Support section of the website before the end of April. CDC's E-Biz newsletter will announce the forthcoming launch two weeks prior to the scheme going live to applications so that businesses have time to consider whether to apply. A key aspect of this year's scheme is that applications from businesses in the Green sector or for projects to reduce a business's environmental impact will be given priority.

Mental Health Awareness Week

This month CDC are supporting Mental Health Awareness Week (9 - 15 May), for those experiencing loneliness getting out to explore the community with others can be a great way to boost your mental

health. CDC have 10 HeartSmart walks on offer during the Mental Health Awareness week ranging from a beginner 1 mile walk at Chichester Canal to a 6.5 mile walk around West Marden.

CDC are also celebrating 20 years of the HeartSmart Walks with a Walls Walk followed by celebratory tea and cake at the District Council. Bookings will open 3 weeks before the event with limited spaces. The latest Programme May - July 2022 is now available, with a huge variety of volunteer led walks taking place across the District. <http://www.chichester.gov.uk/heartsmart>
CDC are working with local businesses and offering Wellbeing Check ins for staff at George Ide Solicitors, St Richards nursery and Loxwood GP surgery.

CDC have their monthly Wellbeing 'drop in' at the Depot, for members of staff there who would like to make any lifestyle changes. Midhurst Rother College are holding their annually Community Day on Saturday 7 May, a day when the college opens its doors to the local community and invites clubs, groups, businesses and agencies to come and display what they have to offer.

Surgery Dates

My next round of District Councillor Surgery dates are as follows:

Saturday 21st May (12-2pm) The Stag Inn, Balls Cross

Saturday 11th June (11-1pm) Old Mill Cafe, Wisborough Green

Saturday 18th June (12-2pm) The Onslow Arms, Loxwood

Saturday 2nd July (11-1pm) The Coffee Cup, Ifold (village shop)

Saturday 23rd July (12-2pm) The Half Moon, Northchapel

Should these dates not be suitable, or you are unable to visit in person I am always happy to visit residents at their homes/alternative venue or arrange a telephone call/zoom conversation. I can be contacted by phone 07958918056 or by email gbevans@chichester.gov.uk

C/22/066 - Appendix B – Cllr. Duncton's report

Just a few notes and updates from County.

You will know that we have been making great improvements in our Children's and Young People in care Service and at the end of March we had an Ofsted focused visit which was very positive.

They looked at two main parts of the Service: 1. The quality and effectiveness of assessments, care planning and the support provided to children and young people in care 2. The quality, timeliness and impact of supervision, management oversight and decision making, social work capacity and caseloads.

A quick summary. The experience of children in care has significantly improved. Voice of the children heard and responded to. Performance reporting is thorough. Reviews of arrangements for children and young people has improved and is being sustained. More stable and permanent workforce is in place. Visible changes in the culture of the organisation. Virtual school is having a positive impact on children and young people in relation to their education and wellbeing. Political and Corporate support, including investment is supporting practice improvement. There is more work needed to improve health assessments for children, placements for children that are not regulated and audits.

I hope that you will agree that huge steps have been taken over the last 3 years and we know that we are not there yet but were getting there. Officers and Councillors think this is a fair report.

Next the roads and Potholes and yes we know there are still many to be done. However we have now taken on 2 Velocity road patching machines across West Sussex to proactively see and fill potholes before the regular inspections of Highways teams. I understand that these machines will be used to fill potholes sizeable enough to need filling under safety criteria but also to repair defects likely to further deteriorate and reach that level in the near future. I and I am sure yourselves hope that this means they will actually fill holes close together where one is not quite deep enough at the moment. Such a waste of time and money not to do them both at the same time so here's hoping this is what will happen.

As you know there are 11 Parish's in my County division and of course for the Platinum Jubilee they all have events. I would love to say I would get to all but you know this is not possible but I will however try to show up at some of the events in my Parish's. For those I don't make I hope you all have a great day to remember.

I think I mentioned this last month but just to say that 9 out of 10 applications for young ones starting School got their first choice. Never such a happy picture for the 1 that didn't get first choice but I am sure they will be helped with a choice. If anyone needs me to take up their case for them I am of course happy to do so.

Those who have travelled to Horsham via Broadbridge Heath will have noticed that the new Fire Station is going along well there.

For those of you that I represent at Chichester District Council I know that Gareth will do a full set of notes for you.

I was pleased to visit the new units built in Chichester next to Westward House for short term homeless families and single people. There are 17 new units and with some refurbishment at Westward House we managed another 3 so that's 21 extra homeless units.

None declared.

3. **Minutes**

The Working Group approved the Minutes of the meeting held on 26th April 2022.

Action:
Clerk

4. **Fundraising**

The meeting agreed that the event's overheads should be kept within budget (£5,250.00); however, any profit should go to a national charity and preferably one where the Queen is patron. The meeting agreed that people are concerned about the war in Ukraine and would like to give generously. However, there are other warzones, which should not be overlooked.

Action:
Emma
Pearce

The meeting agreed that the profit should go to the Disaster Emergency Committee (DEC), which brings together 15 leading UK aid charities to raise funds quickly and efficiently at times of crisis overseas. Each member charity is an expert in humanitarian aid and specialises in different areas of disaster response. They come together to speak in one voice and make fundraising more efficient. The 15 charities are: -
