Chair's Annual Report appended below:

Appendix A Chairman's Annual Report

"I don't intend to report on this year's council activities as everything I could talk about has already been very professionally covered in the recently published Newsletter.

However, there are a couple of items that I would like to make special mention of, not least because by next year's Annual Assembly they will become a distant memory.

1. I would like to pay tribute and extend my thanks on behalf of the Parish Council, to Sallie Baker and everyone on her Jubilee Celebration Organising Committee. I know an extraordinary amount of time and effort has gone into planning the event to ensure our Parish puts on a memorable and enjoyable celebration.

2. Similarly, and on behalf of the Parish Council, I would like to thank Fred Goddard and Mr. Peters at Goddard Engineering who have made such a beautiful, magnificent beacon which will without doubt become a long-lasting legacy of our celebrations. The time, effort and thought that has been put into making the beacon far exceeds all expectations.

As a final comment, and at the risk of tempting fate, I would suggest that the fact that the Parish runs smoothly is testament to the efforts of your Parish Councillors and the professional guidance provided by Catherine your Clerk. For that I would like to thank them."

There being no further business, the Chair closed the meeting at 19:39
