PLAISTOW AND IFOLD PARISH COUNCIL RISK MANAGEMENT SCHEME

Financial Year Ending 31st March 2023

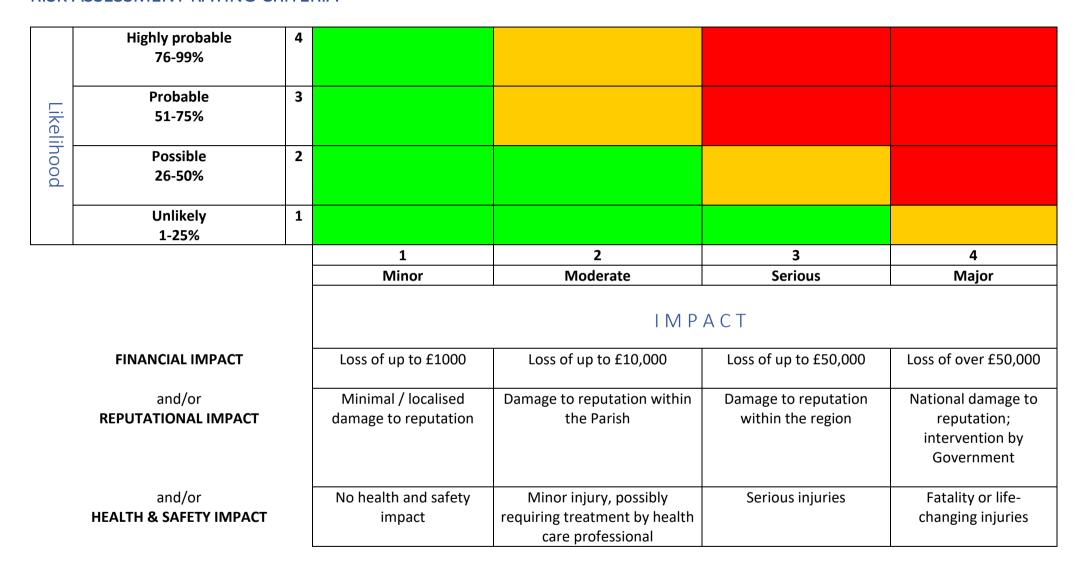

The management of risk is an important part of the Council's work; making sure that the people who use our facilities are safe, giving the staff the protection to get on with their work, and protecting the assets that the Council hold. Risk assessment happens all the time, but once a year, the Council brings the information together and collates it in a single document.

Risk assessment is a systematic general examination of working conditions, workplace activities and environmental factors that will enable the Parish Council to identify any and all potential inherent risks. The Parish Council, based on a recorded assessment, will take all practical and necessary steps to reduce or eliminate the risks, insofar as is practically possible.

This document has been produced to enable the Parish Council to assess the risks that it faces and satisfy itself that it has taken adequate steps to minimise them. The Parish Council is aware that although some risks can never be eliminated fully, it has in place a strategy that provides a structured, systematic and focused approach to managing risk, which:

- Identifies the subject and identifies what the risk(s) may be
- Identifies the level of risk
- Identifies and evaluates the management and control of the risk(s)
- · Reviews, assesses and revises procedures if required.
- Identifies any relevant timeframe(s) and responsible party

RISK ASSESSMENT RATING CRITERIA

RISK APPETITE AND APPROACHES TO MANAGING RISK

	Highly probable 76-99%	4		TREAT (take action to reduce risk exposure by introducing measures / controls)		TERMINATE (i.e., stop the activity that generates the risk)
Likeli	Probable 51-75%	3				
ikelihood	Possible 26-50%	2				
	Unlikely 1-25%	1	TOLERATE (an informed view reached that the risk is accepted)			TRANSFER (usually via insurance or other contractual arrangement)
			1 Minor	2 Moderate	3 Serious	4
			IVIIIIOI		ACT	Major

Risk Rating	Risk Appetite and Action
Green	Risks rated as GREEN are within the risk appetite of the Council. It is unlikely that further additional measures are required to control
	these risks. These risks may be tolerated by the Council.
Amber	Risks rated as AMBER are within the risk appetite of the Council, however further additional measures may be needed to treat (i.e.,
	control) the risks and so reduce exposure OR to consider risk <i>transfer</i> e.g., via insurance, franchising, or other contractual arrangement.
	The Council must be periodically advised of amber risks and the action planned and/or taken to control them.
Red	Risks rated as RED go beyond the risk appetite of the Council. Immediate action is required to bring the risk within the Council's risk
	appetite or, if this is not possible or desired, to <i>terminate</i> the activity that creates the risk. The Council must be immediately advised
	of red risks and regularly updated on the action planned and taken to control them until they are within the risk appetite of the Council.
	Any action taken must be in accordance with the Council's Standing Orders and Financial Regulations.

SPECIFIC EQUIPMENT & ASSETS							
Cricket Pavilion Security and maintenance of the building. Risks from Legionella, fire, and health & safety.	2	1		The Council owns the Cricket Pavilion on Plaistow Village Green. The Pavilion is rarely used since the dissolution of the cricket club in 2014. It is kept locked. The only keyholder is the Clerk. Adequate Insurance cover maintained. The value of the asset is reviewed annually when the Asset Register is updated, and the Council arranges for periodic professional (at least every three years) building valuation to ensure that the sum insured for reinstatement is accurate. Separate Risk Assessments are provided for any ad hoc permitted use (negligible) such as Legionella Risk Assessment, Fire Safety Risk Assessment, Health & Safety Risk Assessment.	Incorporate formal bi- annual inspection into Litter Pick event.	Begin in 2024	Clerk & Full Council
Bus Shelters Security and maintenance of the asset. Risk of damage / theft / routine wear.	2	1		The Council maintains a register of bus shelter, including their location. A formal annual inspection is undertaken by an allocated Member. The shelters are used regularly and faults, damage and/or issues are reported to the Council. The Council maintains a public presence and its contact information is available via notice board/website/social media/printed community publications. The Council resolves upon any necessary action within public meetings; the decisions are minuted.	Incorporate formal bi- annual inspection into Litter Pick event.	Begin in 2024	Clerk & Full Council
